About MIMS, Mandya :

Mandya Institute of Medical sciences is one of the top medical colleges in the state. It is situated in the heart of sugar city, Mandya. The premier college started in 2005 and the first batch of Mbbs students were admitted in 2006. The first batch of Post-graduate students were admitted in 2010. The Medical College and its ancillaries are located on a sprawling 25 acre of campus, located abutting the highway. It is an autonomous college affiliated to RGUHS. Mims is equipped with vastly experienced professors and teaching staff. Mims continues to provide quality treatment to its patients.

About MAGNUS 2.0 :

MAGNUS 2.0 is the official inter-medical fest of Mandya Institute of Medical sciences, Mandya. Magnus was organised for the first time in 2019. It was a grand success then, with around 600 students coming together from colleges all over the state to celebrate art, culture and athleticism. Magnus is back again this year commemorating 20 years anniversary of our college, for all of us to come together and celebrate. It is going to be a three day event and it includes various cultural, literary, sports, fine art and scientific events. We are looking forward to hosting you all in January 2026. Mark the dates 23,24 and 25th January.

MESSAGE FROM DEAN AND DIRECTOR

It brings me immense pleasure to introduce MAGNUS 2.0- an inter-medical fest conducted by students of my very own institution, Mandya Institute of Medical Sciences. As I often emphasise, learning does not stop with the textbooks. Experiences and interactions are the cornerstone of our profession and are equally as valuable. Over the next 2 weeks, I hope this fest provides a platform that recognises talents that span beyond the lengths of classrooms, scientific temper that kindles out of the box thinking and interactions with students outside our institution that will pave way for a fantastic exchange of thoughts and ideas. I wish my students all the very best and hope to see a successful MAGNUS 2.0.

Dr Narasimhaswamy P
Dean and Director

MESSAGE FROM THE PRINCIPAL

I am pleased to learn that the students of MANDYA INSTITUTE OF MEDICAL SCIENCES are organizing an inter-medical fest, MAGNUS 2.0 over the next couple of weeks. This event is surely going to set the mood for the rest of the year and many more successful events in the future. While clinicals and lectures shape you into a good doctor, arts and recreation shape you into a good human. You cannot have one without the other. MAGNUS 2.0 will provide one such outlet from your busy student lives and also an arena for our students and students from different institutions to engage in a healthy competition and a wonderful exchange of ideas. I wish you all good luck and my best wishes for a successful MAGNUS 2.0
